Circa initium 2i libri de celo movetur primo questio utrum celum sit sempiternum et immortale motum semper non movens sine fatigatione

et probatur [illegible] quia celum habet materiam ergo non est sempiternum. Tenet consequentia [illegible] quod non [illegible] ergo non est [illegible] quia motus est [illegible] ut [illegible] sunt [illegible] ergo celum non movetur motu sempiterno [illegible] motus celi [illegible] est [illegible] [illegible] contraria resistentia sed omnis resistentia [illegible] dolorem et fatigationem ergo celum movetur cum dolore et fatigatione [illegible] [illegible] [illegible] presuponitur primo quod [illegible] [illegible] continuavit [illegible] de toto [illegible] [illegible] [illegible] [illegible] [illegible] motum [illegible] [illegible] [illegible] moventem [illegible] [illegible] in hoc 2o [illegible] [illegible] [illegible] celi motus quod sit [illegible] [illegible] et [illegible] [illegible] [illegible] ad [illegible] [illegible] [illegible] [illegible] [illegible] fatigato [illegible] celi motus. Secundo quod fatigatio sic [illegible] diffinitur fatigatio est [illegible] actione cogitare [illegible] [illegible] [illegible] restaurabilis [illegible] [illegible] et [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] non fatigatur et [illegible] cogitare [illegible] [illegible] actu [illegible] [illegible] non fatigatur ut [illegible] non fatigatur [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] non [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] non [illegible] [illegible] fatigatio et [illegible] [illegible] [illegible] restaurabilis [illegible] [illegible] est [illegible] [illegible] non [illegible] fatigatio quod non est restaurabilis [illegible] [illegible] fatigatio [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] motu [illegible] [illegible] [illegible] fatigatio est [illegible] Sit ergo prima conclusio celum est sempiternum. Hec quoque vera est [illegible] [illegible] et [illegible] [illegible] [illegible] [illegible] est quia celum [illegible] et [illegible] et [illegible] [illegible] mundi. Secunda conclusio celum est [illegible] tale [illegible] quod est sempiternum [illegible] [illegible] [illegible] [illegible] [illegible] sempiternum [illegible] [illegible] et [illegible] [illegible] vitale [illegible] [illegible] est [illegible] celi [illegible] [illegible] [illegible] quod [illegible] non celum est [illegible] Prima [illegible] Tertia conclusio [illegible] [illegible] [illegible] [illegible] motum et non est [illegible] motus [illegible] [illegible] [illegible] [illegible] [illegible] est [illegible] ad [illegible] [illegible] [illegible] [illegible] quod [illegible] [illegible] [illegible] [illegible] est ad [illegible] [illegible] ad [illegible] [illegible] quod [illegible] motus [illegible] et [illegible] quod [illegible] [illegible] [illegible] [illegible] [illegible] Omnis autem motus [illegible] [illegible] [illegible] et [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] et [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] motus [illegible] ad [illegible] [illegible] ad [illegible] [illegible] motus [illegible] [illegible] [illegible] et sempiternus [illegible] [illegible] ut [illegible] est [illegible] [illegible] [illegible] quod motus [illegible] [illegible] [illegible] motum [illegible] ergo [illegible] quod motus celi est sempiternus et hoc [illegible] [illegible] [illegible] est [illegible] [illegible] Quarta [illegible] quod celum est immortale quod [illegible] motus [illegible] [illegible] vitale [illegible] [illegible] Conclusio [illegible] [illegible] [illegible] cum dolore [illegible] fatigatione [illegible] quod [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] non [illegible] [illegible] [illegible] ergo non [illegible] cum dolore et fatigatione [illegible] [illegible] [illegible] [illegible] Conclusio [illegible] infert [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] celi [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] et [illegible] quod ad hoc [illegible] [illegible] [illegible] [illegible] gigante qui vocabatur [illegible] [illegible] [illegible] [illegible] celum [illegible] cadat [illegible]
